01 WELCOME

TODAY IS YOUR LUCKY DAY

What kind of person do you feel you are? Would you sing really loud in the shower even if your neighbours could hear you? Would you like to win the first prize in a 'most ridiculous hat' tournament? When you see a cake, do you feel the urgent need to stick your finger in it?

Great! THEN YOU'RE ONE OF US!

If you're reading this then today is your lucky day: You've found TARONJA, your soul mate!

In 2004 Eva, Fernando and Maxi (childhood friends) decided to start a business that would be a reflection of themselves: A very professional school that would be, at the same time, very fun, happy and a little crazy. After several years, TARONJA has become their passion, their life and their own daughter. That's the way you'll feel here, as if you were at home, (or even better)!

TARONJA is a place meant for young people, but we are NOT talking about age, we are talking about people that feel YOUNG IN SPIRIT! Do you have a soundtrack for every day of your life? When you go to bed at night, do you get excited about the new adventures that tomorrow will bring you? Do you feel like a kid or do you have an old soul?

At TARONJA we all feel like kids, and we love to have fun. Are you ready to join us?

INSTITUTO CERVANTES

In September 2006, our school signed an agreement which recognizes TARONJA as accredited by the "Instituto Cervantes". This acknowledgement implies that the school goes through rigorous quality control of their academic program and facilities, administrative procedures, accommodation, etc. Every day we strive to guarantee our students, provision of high quality services and high standards of Spanish teaching. We aim to deliver the necessary conditions to be accredited by the Cervantes Institute.

IALC

The International Association of Language Schools (IALC) was established in 1983. The aim of the association was to bring together schools which could ensure a high standard of quality in their education systems. Currently, there are over 140 IALC language schools (worldwide). The schools teach their native language to international students independently and at a very high standard. TARONJA is a member of this association a fact which acknowledges the quality in language teaching.

04 COURSES

TARONJA offers a wide variety of courses. All the programs are designed carefully, and pass intensive quality controls. Our teachers approach to preparing lessons is based on the students needs, goals and interests, as well as on their own learning abilities.

We keep the number of students per class low (minimum 4, maximum 10), so that the teachers can meet the needs of each and every one of them, individually.

The class materials (texts, articles, videos, songs) are always tailored to the level of the Spanish class. Once a student finishes the course, they will receive a certificate with the number of hours attended and the level reached in the Spanish language. To obtain this certificate, the student must attend 80% of classes.

METHODOLOGY

Our goal is that students learn the Spanish language and culture through a total immersion (inside and outside the classroom) through the development of intercultural communicative competence in a fun and motivating environment.

In our classes we work to integrate language skills as a necessary condition to learn a language in all its dimensions. That means that you will be practicing all language skills: speaking, listening, writing and reading. To achieve this, we follow a contents timing on each level using a wide range of educational resources and our own teaching materials.

Our teaching team selects and uses exercise cards, activities, short films, videos, songs, presentations on-line, Google +, social networks, etc. As you can see, our school uses its own materials; we do not follow a book. In this way we can better adapt to the needs of each group and, as a result, students can join our open courses and follow the programmed contents to their level.

Our teachers put a lot of work and dedication into preparing the lesson's materials in order to suit the pace of the students learning. Teachers always select what is most appropriate for the group to maximize their communication skills in Spanish.

It is important to point out that, for students with high levels, for those who already express theirselves well in different fields in Spanish, who need to consolidate and perfect their speaking skills, we combine our material and resources with a book especially selected for said intention in a way that the student can make good use of his stay in our school and benefit the best way possible of his course.

OUR TEACHERS

All our Spanish teachers are university graduates and have experience and training in teaching Spanish as a foreign language. As well as this, they are also energetic and full of life, working within a very close -knit team. They are always at hand to address any concerns or needs you may have.

Our teaching team undergo strict quality control tests and class inspections. An important aspect of their preparation lies in their knowledge and use of the new classroom technologies and teaching programs through videoconferencing and virtual environments.

Once the Spanish course has finished, students are able to continue studying with us through our on-line programs

Valencia is Spain third largest city, located on the Mediterranean coast, just in front of the island of Ibiza.

With approximately one million inhabitants it has become, in recent years, one of the main emerging capitals of Europe. Valencia is a medium-sized city; this means that Valencia offers as much as a big city does but, at the same time, it is comfortable to move around.

THE OLD CITY CENTER

In the middle ages it was one of the biggest city centers in Europe. You can find a large number of incredible old buildings, cultural events and a great nightlife, plenty of pubs and restaurants.

CITY OF SCIENCE AND ARTS

This futuristic "city within a city" must surely rank as one of the world's most exciting and imaginative millennium projects. Here you will find the Oceanográfico (biggest sea water aquarium in Europe), the Science Museum, the Hemisferico planetarium, El Palacio de las Artes (Opera House)...

LA TOMATINA (TOMATO WAR):

the school reserves the right to cancel courses when insufficient bookings are made, and to transfer students to other courses. In both cases a full refund of fees, including deposit money, will be made if the student should request so.

POSTPONEMENTS - BREAKS

Students can postpone the start date of their course to another date as long as they notify the school at least 7 days before the planned start date.

Students can take a pause in their course as long as they notify the school latest by Wednesday before the week that they wish to take a pause.

If the student advises after Wednesday, the pause will only be considered with a charge of 50€; we will never consider a pause once the week that the student wishes to postpone has started.

If a student arrives later than the start date, looses class days or cannot attend any lesson because of personal reasons, recuperation of the classes or financial refund for classes missed cannot be demanded.

COURSE REDUCTIONS

This clause applies to all the courses in general:

Maximum number of students per class is 12 minimum is 4. If the number of students per class is less than 4, the school will reduce the number of class lessons in these terms.

INTENSIVE COURSE

If the number of students in this course will be less than 4(that means 1, 2 or 3) the lessons will be reduced to half the total. Students will have 2 lessons of 50 minutes a day instead of 4 daily lessons per week.

CONVERSATION WORKSHOP

If the number of students is 3, students will have 3 lessons of 50 minutes a day per week.

If the number of students is 1 or 2, students will have 2 lessons of 50 minutes a day per week.

LEVEL TEST

To organize your course and to be assigned the right group, it is very important that you do a level test before coming.

The test consists of two parts, written and oral. It is easy and fast to complete, and we will need it at least 3-4 weeks before you start the course.

Even if you're a beginner, we need you to complete it. If you can't answer some of the questions just leave them blank, this is useful for us too!

You can take the online level test by clicking here:

With this system, you will start your classes the minute you arrive, not wasting any class time on first day level tests.

NB: we just want to emphasise that on the first day everything is new, please try and stay clam and if you have any problems, you can come to reception as soon as you finish class, where you can explain the situation and we will try to help solve it.

DIDACTIC MATERIAL

Our teaching team selects and creates files or online presentations, designs activities, uses short films, videos, songs, social networks, etc. As you can see, TARONJA uses its own materials, we don't follow any book in particular. The teachers exert a lot of time and dedication in preparing the classes to best adapt them to the rhythm and needs of each group, above all for initial levels up to intermediate. They always selecting the most suited material to help develop to the maximum the Spanish communicative abilities of the students.

It's important to emphasise that for students with a higher level, those that already express themselves well in

Spanish in different settings, that need to secure and perfect their communication skills, we combine our materials and resources with a book especially selected for this purpose. In this way, students can take full advantage of their stay in the school and their course.

For us it is very important that each students feels comfortable during their learning process, and we recognise each one is different and advances at their own rhythm. As such if needed, students can repeat previous weeks of their course to conso

lidate the material.

Furthermore, from the first day all the students in the school are signed up to a virtual classroom where they can continue practicing their Spanish using files, activities, videos, and at the same time, stay informed about all the socio-cultural activities and their weekly timetable.

NEW TECHNOLOGIES

The school is committed to new technologies. We are working and developing materials for media such as tablet, digital boards, etc.

The school will provide all the materials needed on paper format. You can store them in a special folder that will be given to you on the first day.

We also have an online platform to download weekly materials; you will be given access to it. So, if you have a tablet, we encourage you to bring it and use it as your notebook in class!

CERTIFICATES

All students who complete a Spanish course will receive a School Certificate that follows the "Common European Framework of Reference for Languages".

However, to receive the Certificate it is necessary attend to, at least, 80% of the lessons.

From the moment that a student signs up to the school, it is understood that the student has read and is in agreement with the above-mentioned stipulations. Inscription in the school implies the accepting of these rules.
