TARONJA OPTION FOR 50+

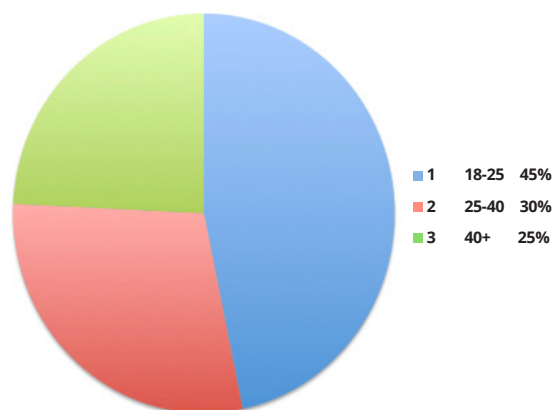

Are you a 50+ student who is still feeling full of energy, eager to meet new people and to have fun while learning Spanish?

Would you like to be with students of all ages but you don't want to be the only one your age? Is that what you want? Well, then pay attention because you may be interested in the following information!

As you may know, the average age in the majority of Spanish language schools goes from 16 to 25, and only few schools offer courses for 50+. So, what happens to all the 50+, 60+, 70+ students then? Don't they have a place to fit?

TARONJA has got the solution!

STUDENTS AVERAGE AGE DURING THE YEAR

TARONJA STUDENTS ALONG THE YEAR

TARONJA students range from 18 (minimum age to come on your own) up to 99 and more! Most of the students are between 20-30, but we DO get a good number of students 50+ and 40+ along the year (see chart).

Our philosophy is to mix all students, no matter their age or nationality, in order to create a pure familiar environment. That is the way we do it in class and activities, and works perfectly.

As we said before, in Taronja we have a good number of 50+ students each year, but the truth is that most of them come dispersed, never at the same time. What we are trying to do with this option is to gather these students on certain starting dates throughout the year.

Therefore, your stay in Taronja will be much more special, surrounded by people of all ages but with many students of your same age. If you are a 50+ student who wants to come to Taronja, try to choose one of the recommended starting dates. Don't doubt it!

At least 30% of your classmates will be in your age range

THIS IS NOT A COURSE

Please, **bear in mind that this is NOT a course**, as you could think of. What we are doing here is to propose some starting dates for 50+ students in order to make their stay in TARONJA far more special.

In this school we TRULY try to create a family environment in which ages and nationalities are erased. We avoid creating closed/separated groups of students. We don't like it!

Always remember our school's motto: TARONJA is not a school for young people, but for people who feel young!

ACCOMMODATION

As you know, TARONJA can provide accommodation for you if you want. We strongly recommend accommodation in Spanish family but you can also share apartment with other people. When booking shared apartment we will try to give you the option to live with other 50+ flatmates.

ACTIVITIES

TARONJA is a really fun place and we probably have the best-organized activities you will ever find. We put a lot of effort and passion into this!

Remember that included in the course price you get some free, or at very reduced price, activities per week, such as: Spanish Cooking Class, Paella Party Dinner, Diverclasses and many more...

In addition to our normal range of activities, during the recommended starting dates for 50+ we will also include other sort of activities such as:

- Tapas Tour to real Spanish bars, avoiding tourists.
- Spanish wine tasting courses.
- Hiking and Trekking in nearby areas of Valencia mountains.
- Live concerts (Flamenco, Pop-Rock, Jazz...).
- Special cooking lessons.
- Dancing lessons (Salsa, Tango...).
- Cultural Venues.
- Comedy and Theatre shows.
- Excursions and day trips.

Feel free to suggest any activities that you would like to do!

The best-organized activities you will find

A pure familiar environment

WHAT'S GOOD ABOUT THIS OPTION?

If you are a 50+ and decide to start in one of our recommended dates, we will try to guarantee you that:

- At least 30% of your classmates will be in your age range.
- There will be a good number of 50+ students in the school.
- The social program of the school will have many activities suit for 50+ students.
